

Assignment 5:

reate Mail-enabled contacts that are objects in the global address list in EAC and EMS and take screenshots

Using EAC

The screenshot shows the Exchange Admin Center (EAC) interface. On the left, the 'recipients' menu is expanded, and 'Adetola Odulaja' is selected. The main pane displays the 'Edit Mail User' dialog box for 'Adetola Odulaja'. The 'general' tab is active, showing fields for 'First name' (Adetola), 'Initials' (empty), 'Last name' (Odulaja), '*Name' (Adetola Odulaja), '*Display name' (Adetola Odulaja), and '*User login name' (adetola.odulaja @ Adatum.com). There are checkboxes for 'Hide from address lists' and 'Require password change on next logon', both of which are unchecked. A 'More options...' link is visible below the checkboxes. At the bottom of the dialog are 'Save' and 'Cancel' buttons. The status bar at the bottom of the EAC shows '1 selected of 1 total'.

The screenshot shows the Exchange Admin Center (EAC) interface. On the left, the 'recipients' menu is expanded, and 'contacts' is selected. The main pane displays a table with the following data:

DISPLAY NAME	CONTACT TYPE	EXTERNAL EMAIL ADDRESS
Adetola Odulaja	Mail user	SMTP:adetola.odulaja@gmail.com

The status bar at the bottom of the EAC shows '0 selected of 1 total'.
