Assignment 2:

Use a web browser and conduct research on at least 4 client access programs that can integrate to an exchange server.

1  "Microsoft Outlook Exchange integration"

2  "Outlook on the Web (OWA) Exchange"

3  "Apple Mail Exchange setup"

4  "Mozilla Thunderbird Exchange plugin"

# notification of subfolder only in outlook iphone or apple mail exchange setup

How to setup your iphone 6 for notification of only selected sub folders in outlook exchange email account or apple mail exchange setup to your iphone?
I am using iphone outlook application and/or apple mail exchange to do so.
Please help me as it is very urgent. I do not want to get any notification from inbox or any other folder in email account but only from one subfolder which has a rule applied for incoming emails from specific people.
any workaround or solution will be appreciated please

*iPhone 6, iOS 9.3.5*
